WITHOUT WARNING.

Jack the Ripper Again Reappears in London.

HE VISITS WHITECHAPEL.

An Aged Woman Attacked on the Street and Fatally Stabbed—She is Now Dying and Her Assailant is Unknown and at Large—Other Foreign News.

LONDON, Aug. 8.—The Whitechapel district was yesterday again thrown into ferment of excitement by the commission of a crime, the character of which suggests its having been perpetrated by "Jack the Ripper." Early in the morning an unknown man attacked a woman named Woolfe, 70 years of age, and a resident of Whitechapel. When aid reached the mortally wounded woman, it was seen that her throat had been cut, and that she was stabbed in the body and in one arm. She is dying. Her assailant escaped, and so far the police are without any knowledge as to his whereabouts.

It has been ascertained that the woman, Woolfe, is a German who does not understand the English language. By the aid of a translator and with much difficulty it has been gathered from her that the man sprang upon her without a word of warning.

She suddenly saw the glint of a knife and mechanically raised her arm to ward off the impending blow. Then she fell to the doorstep, where subsequently she was discovered.

She was unable to make the passing people aware of her plight, and remained where she fell until the officers finally came to her assistance. On the arrival of the police a razor smeared with blood was found lying near the old woman. One arrest has been made by the police, but it is an unimportant one.

The London police insist on a theory of suicide in the case of the old woman Woolfe found dying this morning from horrible wounds that suggested the work of Jack the Ripper. The police have found that the woman was insured for \$30 for the benefit of her son, and they allege that she probably cut herself with the razor to give the impression of a Ripper murder and to secure the insurance to her son, she being aged and feeble, and with no interest in life. Physicians, however, say that it was impossible for the woman herself to have inflicted the wounds, and some critics aver that the police are hopeless of catching the murderer and wish to dismiss the crime as self-perpetrated.

Flocking to See the Holy Coat.

TREVES, Aug. 8.—The Catholic world is manifesting marked interest regarding the exhibition of the Holy Coat—said to be the seamless coat worn by the Savior—which is to take place in the old Cathedral of St. Peter and St. Helen in this city. Protestants also manifest much curiosity in the proposed exhibition, and it is probable that many thousands of people will come to this city from all quarters of the globe. The railroads have completed such arrangements as will enable them to carry vast numbers, and the general preparations are on a scale commensurate with the importance of the occasion. Not many pilgrims have as yet arrived, but as the ceremony of the exposition of the sacred garment does not occur until Aug. 20, this is in no way remarkable. Those who have arrived, however, are actively engaged in securing comfortable quarters.

People Thrown Out of Work.

LONDON, Aug. 8.—From Goldberg, Silesia, come news of the burning of Schmalder's immense saw mills, throwing a multitude of people out of employment.

Effect of a Bad Harvest.

ST. PETERSBURG, Aug. 8.—The Russian council of state has decided to prohibit the exportation of corn, owing to the bad harvest.

Orders for Ammunition.

LONDON, Aug. 8.—The Spandau powder works are running day and night to fill orders for ammunition.

Soldiers Arrested for Mutiny.

INDIANAPOLIS, Aug. 8.—Sergeant Maher, Corporals Boyle, Cox and Newman, and some fifteen privates of the governor's guards, are under arrest upon the order of Captain Scott, charged with mutinous conduct. The trouble between the captain and the members of the company began at the drill tournament here, and was renewed at the state encampment at Fort Wayne. After the return of the company, a petition was drawn up and signed by members of the company making serious charges against Scott, and asking the governor to remove him. Some members of the company were not in sympathy with the signers and they informed Scott of what was going on, and he obtained a list of the signatures. He denounced the movement as mutinous, and immediately gave the signers a chance of withdrawing their names or being placed under arrest. To a man they chose the latter, and will be tried on charges of mutinous conduct. The affair is creating a great deal of feeling in state military circles.

James Russell Lowell Ill.

BOSTON, Aug. 8.—The condition of the Hon. James Russell Lowell, who has been confined to his house for the last three weeks, is unchanged. His trouble appears to be seated in the liver, though the doctor attending him gives it no name. His condition is regarded as serious.

Fell Dead in a Street Car.

PORTLAND, Me., Aug. 8.—C. B. Cornell, said to be a prominent man in New York, fell dead in a street car here yesterday afternoon. At the time he was accompanied by his wife and daughter and his son-in-law. The party came from Boston Wednesday.

IN THE WAY OF A TRAIN.

Two Women Killed While Crossing a Railroad Track.

LEAVENWORTH, Kan., Aug. 8.—A freight train on the Leavenworth northern and southern branch of the Santa Fe struck a carriage at a crossing near this city last night which contained Miss Susie Powers, of Ellsworth, Kan., and her young brother, Ray Powers, Mrs. George Lansdale and her husband, of Salt Creek valley.

Mrs. Lansdale was killed instantly and Miss Powers will die. The carriage was totally wrecked and the horses killed. Mrs. Lansdale's skull was crushed and both her legs broken. Miss Powers' skull was fractured and her right arm and left leg were broken. The boy is also believed to be fatally injured. Mr. Lansdale, who was driving, was badly bruised.

Quadruple Lynching.

BIRMINGHAM, Ala., Aug. 8.—News has reached here of a quadruple lynching in Henry county, Ala. Last Friday the residence of William Davis, a prominent farmer, was burned, and the family narrowly escaped with their lives. On Sunday, Ella Williams, colored, was arrested and confessed to saturating the house with oil and setting fire to it out of revenge. Her confession implicated William Williams, Willis Lowe and Eliza Lowe, colored. Yesterday they were arrested, and while the officers were taking them to jail at Abbeville, a mob overpowered the officers and took the prisoners and shot them to death. Their bodies were thrown in the river near by.

Quick Justice.

AKRON, O., Aug. 8.—Justice has followed swiftly upon the path of three youthful criminals. Otto Schiendube, Fred Roberts and Frank Young, who boldly stole \$2,000 from the office of the Werner printing works. Two weeks ago they were captured in Denver, they arrived in Akron last Friday and were bound over at 4 o'clock, a specially impaneled grand jury brought in an indictment against them for grand larceny, at 5 o'clock they appeared in the court room and pleaded guilty and at 6 o'clock Judge Vores sentenced each to two years' confinement in the Ohio penitentiary.

New Railroad to Be Built.

CLEVELAND, Aug. 8.—The board of directors of the Toledo and Ohio Northern Railroad company, at a meeting held here yesterday at the office of the Lake Shore company, authorized the immediate prosecution of the work of building that road. The line will extend from Fayette, Fulton county, O., to Shipshewana, Ind., and will pass through Williams county, O., and Steuben and Lagrange counties, Ind., and will furnish a third road between Toledo and Elkhart. The road was formed in the interest of the Lake Shore and Michigan Southern, by which its bonds were granted.

Damaging Rain in Manitoba.

WINNIPEG, Aug. 8.—Terrible thunder, rain and wind storms have passed over this country the past two nights, doing considerable damage to crops. At Crystal City about 1,000 acres were destroyed by hail and much more partially destroyed. During last night's storm, which was extremely severe, the atmosphere being continuously illuminated by vivid lightning, many buildings were struck in different parts of the country and Mrs. Martin, wife of a farmer, who lives near Morden, and Mrs. McGinnis, of Moose jaw, were killed.

More Shakes at Charleston.

COLUMBIA, S. C., Aug. 8.—From conductors of incoming trains Thursday it is learned that a decided earthquake shock was felt at Charleston about midnight Saturday night. No damage was done, but the shock was of such force as to rattle windows. The local papers in Charleston make no mention of it and suppress earthquake news, it is said, for fear of injuring the commercial interests of the city.

Settling a Big Claim.

CINCINNATI, Aug. 8.—The Pennsylvania Railroad company has settled the suit of the King's Mills Powder company, against it, for \$100,000. The suit was for damages done by the great powder explosion, caused one year ago by the carelessness of a Panhandle brakeman, who allowed a switched car to run into a car load of powder on the side track.

His Brother Did the Killing.

NIAGARA FALLS, N. Y., Aug. 8.—The body of an unknown girl was found in the river about half a mile below Lewiston yesterday. It is that of a girl about twenty years old and dark complexion. It is thought she is from Toronto. Two strangers have been arrested on suspicion of being connected with the affair.

SAN FRANCISCO, Aug. 8.—Second Lieutenant Philip J. Hodges, of her majesty's ship Ringdove, jumped overboard from the steamship Alameda on July 14 shortly after leaving Sydney. Hodges had been suspended from duty for one year on account of a breach of discipline, and was on his way to England.

Both Duellists Dead.

FRANKFORT, Ky., Aug. 8.—John Estus and Thomas Long fought a duel in this county on election day. Both died Thursday.

HELPING BUSINESS.

Effect of an Excellent Crop Prospect.

A DULL FEELING AT PRESENT.

Confidence in the future, nevertheless, increases daily according to reports sent to R. G. Dun & Company—Good Causes for Certain Depressions in Some Great Industries.

NEW YORK, Aug. 8.—R. G. Dun and Company in their weekly review of trade say: With business in many lines disappointingly dull, the feeling of confidence nevertheless increases. Its basis is that crop prospects grow clearer and brighter, while prospects of foreign demand for American grain expand with every week's news.

Depression in some great industries continues and is real, but may be traced to causes obviously not permanent. Thus the iron manufacturer is much set back by inability of railroads to make purchases because they fail to negotiate securities. Cotton manufacturers still find a fairly large demand, and at some reduction in prices most goods are moving freely. Bleached goods are lower and print cloths dull. The wool manufacture is distinctly improving, and sales of wool at Boston rise to 5,196,000 pounds, the sales there, at Philadelphia and New York since Jan. 1 being 148,000,000 pounds, against 138,000,000 last year to the same date.

At Boston trade in merchandise increases and is very good for boots and shoes, and western and southern reports quite favorable. Sales of wool are large at Hartford and of dry goods increasing. There and at Philadelphia in most trades there is much complaint of slow collections, but considerable activity is seen in glass, and fair sales of paints and chemicals at Philadelphia, with improvement in shoes, hides and leather. At Pittsburgh manufactured iron is fairly active and the glass trade good, but collections rather slow.

At Cleveland trade is enlarging with confidence, and at Cincinnati the furniture trade is especially growing. Chicago feels the effect of great crops distinctly, wheat receipts being seven-fold last year's, rye five-fold, barley two-fold, wool nearly double, and in corn, beef, butter and hides some increase appears, as also in sales of dry goods. Sales of clothing and shoes are larger than ever before at this season, and in all lines collections are satisfactory.

At other western points the crop prospects are almost everywhere mentioned as unsurpassed, and at St. Louis the demand for money in the interior grows more pressing, and commercial borrowers are held closely to the needs. At Minneapolis and St. Paul, Omaha and Kansas City trade is generally good, at Louisville and Nashville improving, and at Montgomery the demand for goods are fair, while at Memphis and Savannah reports of trade are less favorable, and at Jacksonville business is very dull. Unfavorable weather has strengthened cotton at New Orleans, and the demand for sugar is good, with rice strong and money in good demand, but with supplies ample for legitimate trade.

Prices of commodities are going down, and for the first time this year the general level is lower than a year ago, having declined 1.2 per cent. the past week. Financial prospects have not changed, and though money on call is cheap, commercial loans are made with caution. Foreign imports of merchandise in New York in July fell 19 per cent. below last year, while exports largely increase.

The demand for money to move crops begins to be felt by many banks, and during the week the treasury has taken in from circulation \$600,000 more than it has paid out. Foreign exchange has fallen from \$4.86 1-2 to \$4.85 1-4, and some talk of gold imports is now heard.

The business failures occurring throughout the country during the last seven days number, for the United States 207 and for Canada 24, or a total of 231, as compared with a total of 247 last week, and 254 the week previous to the last. For the corresponding week of last year the figures were 208, representing 179 failures in the United States and 29 in Canada.

Murder Caused by Jealousy.

CINCINNATI, Aug. 8.—Joseph Levo, shot and killed Miss Ida Kipp in the Fifth Street garden last night at 8 o'clock. Levo had been paying attention to Miss Kipp, and the couple were engaged to be married. On the 3d of last September they had a falling out, and since then they have not been going together. Last night Levo entered the Fifth Street garden, and seeing Miss Kipp sitting at a table with another young man became crazy with jealousy, and drawing a revolver shot the young lady, the ball taking effect just behind the left ear, she dying twenty-three minutes afterward at the city hospital. Levo was arrested and locked up at the Central station, charged with murder in the first degree. Miss Kipp was a highly respectable young lady, the daughter of a wagonmaker, residing at 449 West Second street.

Youth Instantly Killed.

FREMONT, O., Aug. 8.—Stillwell, the seventeen-year-old son of Agent Butman, of the Western Union company, met with a fatal accident yesterday. He, with three other boys, was camping down the river. When about to get in a boat with a shotgun the gun was prematurely discharged, the contents entering young Butman's breast, the shot tearing a large hole in the heart and lungs. He expired instantly.

Died of Heart Failure.

ST. MARY'S, O., Aug. 8.—Edward Christ, 85, living in Jefferson township, Mercer county, was found dead on his farm yesterday morning. Heart failure was the cause of the death.

POLITICAL PICNIC.

Indiana Farmers Seeking Entertainment in a Public Manner.

CRAWFORDSVILLE, Ind., Aug. 8.—Farmers of Clay county propose to have what they call a "political picnic," near Ashboro, on Thursday, Aug. 20. Although the projectors, no doubt, intend making it simply an affair for the enlightenment of the population of Clay county, yet from its very nature it is bound to attract state, if not national attention. Speakers from five different political parties have been invited to devote one hour each to explaining the positions of their respective parties.

Ex-Governor Gray is expected to represent the Democrats; Hon. James A. Mount, of this city, the Republicans; Colonel Eli Ritter, of Indianapolis, the Prohibitionists; Captain Allen, of Terre Haute, the People's party, and John P. Stelle, of Illinois, the F. M. B. A. They will speak in the order named, and, although it is understood that all partisan bitterness is to be avoided, yet it will be strange if it does not turn out to be more of a "picnic" than is now anticipated.

HOT IN SOUTH DAKOTA.

The Mercury 100 in the Shade and the Country Parched.

SIOUX FALLS, Aug. 8.—The following was received from Blunt Friday:

The mercury is at 100 in the shade and the wind blowing a fearful gale. About noon Thursday the eastbound freight engine fired the prairie west of this city and the entire population turned out to fight the flames, which were traveling north to the grain fields of Sully county. The train hands lent assistance and by strenuous efforts the fire was placed under control.

The whole county is like a tinder-box and everyone is on the alert for fires. The fire south of the city Thursday destroyed thousands of acres of hay land and about 500 tons of cut hay in stacks went up in smoke.

Mines All Idle.

NEW STRAITSVILLE, O., Aug. 8.—For some time past considerable dissatisfaction has existed among the miners in regard to certain small mines being worked under contract. The contractors were allowed to work most every day, and would employ no men, while the mass of the miners have been idle all summer. The miners held a mass-meeting and resolved to suspend work until contracts shall be annulled, in consequence of which all the miners working for the syndicate suspended work yesterday. Dressed in their mining uniforms they marched in a body from mine to mine, gathering all the force available, and then marched through Main street to the mine where the contractors were at work and requested them to suspend work. The request was immediately complied with, and now all the syndicate mines will remain idle until the difficulty is adjusted.

Two Freight Trains Wrecked.

ROCHESTER, N. Y., Aug. 8.—Two freight trains were wrecked at Coldwater station on the Central Hudson yesterday between 3 and 4 o'clock, and the Chicago and Boston special from the west narrowly escaped destruction from the wreckage. The men on the wrecked freight trains did not have time to fully stop the express, but flagged it so that it only ran half way past the wreck. One side of the engine and passenger cars were scraped, but no one was injured. The four tracks were blocked three or four hours. The freight cars were piled three deep.

Effects of an Earthquake.

SAN DIEGO, Cal., Aug. 8.—A correspondent at Yuma says: A report brought in by the Cocopah Indians states that the earthquake on the 30th ultimo resulted in changing the course of the Colorado river. It left its old bed and now flows through a crevasse forty feet wide and 1,000 feet long. The report is not generally believed, but one result of the recent earthquake was the renewed activity of the volcanoes in the Cocopah region. At the same time a tidal wave occurred in the Gulf of California.

Two Men Fatally Injured.

CINCINNATI, Aug. 8.—A horrible accident occurred on the Richmond division of the Pennsylvania railroad near Reading, this county, at 6:30 o'clock yesterday morning, by which two men were fatally injured. A buggy containing Louis Dreckhorn and Thomas Goodfaster, who were employed at Clark's livery stable in Reading, was struck by the Chicago express. The buggy was reduced to splinters, the horse killed and the occupants of the buggy received fatal injuries.

He Fooled with Fair.

SAN FRANCISCO, Aug. 8.—Bayard Saville was arrested Wednesday on complaint of ex-Senator James G. Fair, charged with obtaining money under false pretences. He presented a letter of introduction purporting to be from ex-Secretary Bayard, of Wilmington, Del., and induced Senator Fair to endorse a draft for \$500. It now transpires that the letter was a forgery and that Saville had no money in the bank. He claims to have studied law with Secretary Bayard.

A Cold Failure.

CINCINNATI, Aug. 8.—The Blymer Ice Machine company, doing business at Eighth street and McLean avenue, assigned, with liabilities of \$320,000. The assets are stated to be considerably more than that. There are no preferences. The assignees are Edward Worthington and Frederick Busse. The cause of the failure is given as dull collections, owing to the long time paper it is necessary to take from customers in this line of business, and pressing creditors.

Fireman's Fall.

CINCINNATI, Aug. 8.—Watchman Carey, an old ex-fireman, fell down stairs at engine house No. 14 yesterday at about 10 o'clock. He will probably die from his injuries.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY, AUGUST 8, 1891.

The contest for the offices in Brown and Adams counties this fall is to be a triangular one, unless the Prohibitionists join in. In that event it will be a four-cornered fight.

BOLTERS and independents should not ask favors of Democrats. The Louisville Times hits the nail on the head in the following: "Having pulled the wool over a large section of the Democracy of Daviess County, and swapped it to the Republican party, getting in exchange for votes for Wood votes for himself, Tom Pettit announces himself a candidate for Speaker of the Legislature of Kentucky, in which the Democrats have a two-thirds majority. It is to be suspected that for once in his life the Hon. Pettit has bit off more'n he can chew. The Democratic party has fish to fry other than showering honors on Thomas Pettit, and he will have a happy time breaking into the Democratic caucus—a caucus that will choose the next Speaker if the court knows herself, and she thinks she does. Let Mr. Pettit strike hands with the Republicans in the race for Speaker, as he did in his race for a seat in the House. That is the seemingly thing to do at this juncture of practical politics on the one hand and Republican and Peoples' party politics on the other."

Kentuck Central Improvements.
The Carlisle correspondent of the Bourbon News says that work on the K. C. tunnels between Maysville and Paris will begin next week. Eighty hands will be employed. The long tunnel, about two hundred feet, will be cut off at the ends and the old timbers replaced with new, and set to admit the largest cars. The Carlisle tunnel will be treated likewise, while the Cowan tunnel will be re-arched. The time it will take to do this will be about nine months. Messrs. Connell & Dilo are the contractors. Steel rails, to lay between the long tunnel and Ewing, and Bowden and Tarr, have been received and are now being placed. The ten bridges between Millersburg and Bruce Station will be replaced by iron bridges, with new abutments under eight, and the bridges lengthened ten feet. Mr. Brown, the bridge contractor, says they will begin to arrive the 15th. It appears that the L. and N. means business, and will make this branch, in connection with the C. and O., a competing line with the N. N. and M. V. Company.

PARKS HILL.
Opening of Twentieth Annual Camp Meeting—J. B. H.'s Interesting Notes.

Correspondence of BULLETIN.
PARKS HILL, August 6.
The twentieth annual meeting opened to-day. Ideal weather—Indian summer.
Colonel E. M. Parks and son Robert, of the hotel company, supply their guests with lead blue lick water every morning before breakfast, and the tables of the large dining hall are well filled three times a day with fresh vegetables, ripe watermelons and choice beef, mutton and chickens. Secretary Glenn assists Colonel Parks in receiving new comers and seeing that every one is comfortably stowed away.
There was an entertaining Scriptural talk by the noted Tennessee Evangelist, Rev. Dr. John Baring, at 11 a. m. Subject, "Prayer." At 2 p. m., same continued, finished with song service by Professor Fogg. At 8 p. m., held exposition with plain truths and home illustrations from Matthew, twenty-fifth chapter, in which the parable of the ten virgins—the talents and the reward to those who improve them—of the last judgment was elaborately illustrated, with a closing solo, "Say, Is Your Lamp Burning, Dear Brother?" by L. R. Gilreath, of Cartersville, Ga.
Reporter John A. Hanks of the Kentucky Post is here, taking in the striking features of this triangular elevation—exploring "Saltpetre Cave," cooling off in Boone's retreat, "threading the devious paths of the 'Devil's Gulch,'" boating and fishing on the gently flowing Licking. His pencilings last night covered 12 pages, reporter's pad, and his preparation out-vigiled the whelp o'will that was chattering a lament to its lost bride.
In my wanderings about this sylvan retreat I feel like one who is making foot prints on holy ground, consecrated by the thrilling periods, sublime faith, and natural eloquence of a Kavanaugh, a Deems, a Tiffany, a Granbury, a Macys, with a long line of illustrious Bishops, enlivened by the practical wit and scintillating humor of a Jones, and made of precious memory by the startling rhetoric and historical stories and pathetic incidents of a Talmadge and a Stewart.
It requires a brave spirit to preach on Park's Hill, in the face of such a wonderful cluster of genius and talent.
My reportorial laboratory (preacher's tent) overlooking the auditorium, is within ear-shot of this sacred enclosure and I can catch every word of prayer and sermon, and the soft and alluring strains of that sweet confessional.
"This is my story, this is my song,
Praising the Savior all the way long."

The Best Remedy for Cholera Morbus.
[From the Des Moines (Iowa) Leader.]
Some weeks ago a Leader man went into a drug store and asked: "What is the best remedy for cholera morbus?" He was told: "Chamberlain's Colic, Cholera and Diarrhoea Remedy." The medicine was purchased, and worked like a charm. It proved to be very effective, and since we found by experience in our own household that this particular remedy was of real value, we have not hesitated to speak of its merits as occasion offered. GOLDEN GRAIN.

The Kentucky Central Has Brought Lots of It to This City This Season.

Maysville is the principal grain market in Northeastern Kentucky, and her trade in this respect is growing every year.
Mr. J. H. Gayle, local agent of the road, reports that during the month of July the Kentucky Central delivered to the millers and other dealers of this city one hundred and twenty-eight car loads of wheat. This amounts to over 75,000 bushels. It came from Nicholas, Bourbon and Clark counties, and from points along the road in Mason County. This is the first year that Bourbon, Nicholas and Clark has ever shipped so much grain to the Maysville market.
In addition to the amount received over the Kentucky Central thousands of bushels of the golden grain have been delivered by the farmers of the surrounding country. Ten and fifteen wagons loaded down are to be seen daily in front of some of the warehouses.
The steamers M. P. Wells and Silver Wave have also brought several thousand bushels to this place.

The Blue Lick Sanitarium and Hotel Company has been organized by the election of Major T. J. Glenn, President; James McClure, Sheriff of Bourbon County, Secretary; H. M. Taylor, Treasurer. The following Board of Directors was also chosen: Colonel T. S. Parks, T. J. Glenn, T. A. Dorsey, James A. Chappell, M. Dills, R. M. Parks, W. P. Ross, G. R. Keller. A committee was appointed to solicit subscriptions to the capital stock of the company, and the Carlisle Mercury says the outlook for success is greater than it has ever been. Options have been obtained on the waters of the Upper Blue Licks, and it has been ascertained that the water can be piped to Parks' Hill at a cost far below what has always been calculated upon.

The tobacco reports coming in from the country vary considerably, some portions claiming a short crop but others a very large yield. Frank Owens Hardware Company are manufacturing the celebrated Armstrong tobacco knives, and can furnish any number of them to the wholesale trade.

OUR NEIGHBORS.
MAYSLICK.
Quite a number of our young folks spent a delightful day recently at "Forest Home," the beautiful residence of Mr. and Mrs. Hiram Dye, near here. The gathering was given in honor of Miss Nellie and Lucy Dye, two charming young ladies of Louisville, who, with their father, are spending the summer at "Forest Home." The morning was spent in dancing and listening to Miss Nellie B. Dye, who rendered some sweet music, both vocal and instrumental. A sumptuous dinner was served, which all enjoyed. The evening was then spent on the extensive lawn, where the guests had quite an interesting game of croquet.

Elder Hawkins, of the Mt. Carmel Christian Church, spent several days this week at Mr. Wm. Mayhugh's.
Miss Alma Riggen, of Reeterville, is staying in the neighborhood, attending the meeting. She presides at the organ.
Rev. Mr. Hughes and wife are assisting in a protracted meeting at the M. E. Church. The practical "red-hot" shots are daring higher and higher and finding a lodging place in the hearts of many lukewarm church members. The sweet persuasive voice of Mrs. Hughes adds much to the interest of the meeting.

"You take de insect mit de finger an de dumb of von handt," said the peddler, "an den mit de odder handt you put de pizen in his mout."
"But," said the farmer, "if you've got to catch and hold them that way, why can't you smash em and done with it?"

KEITH'S CAPERS.

An Old Farmer Captured and Now in Custody on a Very Serious Charge.

Accused of Obtaining Goods on Forged Orders—Details of the Case.

Isaac Keith, aged about fifty years, is in custody on a very serious charge. He is a farmer, and his home is near Helena. He was arrested yesterday afternoon by Captain Heflin.

The charge against the old man is that of forgery. He called at the Red Corner Clothing House yesterday afternoon and presented an order from Mr. Wm. Robb for a pair of pants. In 1888, a man had obtained an overcoat from Captain Martin on an order from Mr. Wm. McClelland, which turned out to be a forgery. When the man presented the order, he selected a coat but the sleeves were a little too short and he sat down and waited until they were lengthened. An effort was made to find him at that time but without success.

When Keith called yesterday afternoon and presented an order from Mr. Robb, Mr. John Daly, one of the salesmen, recognized him at once as the man who obtained the overcoat in 1888. He informed Captain Martin of the fact and Marshal Heflin was summoned. The orders were compared and the handwriting resembled. Keith was at once placed under arrest and taken to the station-house.

The accused will be given a hearing before Mayor Pearce next Monday afternoon at 2 o'clock. From Captain Heflin it is learned there are nine other charges of the same character against the old man. He is charged of forging the name of Mr. Richard Heddleston to an order on Mr. M. C. Russell for whisky. He obtained coffee from Mr. Russell also on an order to which the name of O. L. King was forged.

Some time ago he presented an order from Mr. Jos. Bateman to Mr. W. H. Lynch and obtained a pair of boots. He told Mr. Lynch he was working for Mr. Bateman, and that the latter hadn't any money on hand and couldn't come to town. The order was honored, but it turned out to be a forgery like the others named.

He is also accused of obtaining whisky from Mr. George T. Wood, and whisky, sugar and coffee from Mr. Omar Dodson on forged orders, to which the names of Dr. Cook, Richard Heddleston, John Costigan and O. L. King had been signed. Keith doesn't appear to realize the serious nature of the charge against him.

THE new Constitution majority was underestimated, but that sixty thousand pounds of barb and plain fence wire was not overestimated. Frank Owens Hardware Company can furnish any quantity of it.

FIFTEEN poor young men are beneficiaries of the Garth fund of Bourbon County this year. Three received \$75 each, two \$100 each, one \$125, three \$150 each, one \$165, one \$175, three \$225 each and one \$275.

REV. J. E. WRIGHT will preach in the opera house Sunday morning and evening. At the evening service, by request, Miss Lelia Wheeler will sing the solo "Calvary." All are cordially invited to attend these services.

THIS season "Uncle" Jack Hook has started Dr. Sparks, Snipnose and Anno-rean, all by Cyclone, in seventeen races, and has won eleven times, was second four times and third twice. Five of the get of Cyclone have started in races this year, and all have been winners.

ANNA THOMAS ATKINSON, infant daughter of Mr. and Mrs. Geo. Atkinson, died last night at 9 o'clock, aged four weeks. The sorrowing parents have the sympathy of their friends in their bereavement. The funeral will take place Sunday morning at 9 o'clock at the residence Mrs. Thomas Wallace on Grant street. Services by Rev. J. E. Wright.

POTRSMOUTH PACKETS.

A Daily Line Between the Point Named and Cincinnati.

It has been rumored on several occasions that the White Collar Line contemplated establishing a system of daily packets between Cincinnati and Portsmouth; there is no longer any doubt about the matter.

The system will be inaugurated next Monday. One of the company's elegant steamers will leave Cincinnati daily at 12:30 (noon) and another will leave Portsmouth daily at 11 a. m. except on Mondays, when the boat will leave earlier.

The down boat will pass Maysville between 5 and 7 o'clock p. m., and the up boat between 8 and 9 o'clock p. m.

It has not been learned yet what steamers will be placed in the trade. The St. Lawrence and Bonanza have been mentioned, but Wharfmaster Phister thinks the Congo and Carrollton will be the two.

The St. Lawrence will leave Cincinnati as usual Sunday night for this city, but the new system will go into effect Monday at noon.

DIED, in Highgate, Vermont, July 29, of typhoid fever, Mr. John Ashley Fitch, brother of Mrs. D. D. Chapin, of this city. Mr. Fitch was a member of the law firm of Ballard, Kulison & Fitch, of St. Albans, Vermont, and was at one time a member of the Vermont Legislature. He held offices of trust at various times, and was a high minded christian gentleman, whose death is mourned by a large circle of friends.

ATTENTION is called to the advertisement of Mr. Jos. C. Cohen, who has just opened a fresh stock of chinaware, glassware, tinware, queensware, hanging lamps and household goods at his new store, one door west of Ballenger's. He invites you to call.

MINER'S MAXIMS!

CONFIDENCE is the Keystone of the Business Arch; Disturb it and the Structure Tumbles Into Ruins.

Nothing is more timorous than confidence; it is as shy as a loon and as easily startled as a young deer. Like other things worth possessing, it is hard to get and constant vigilance is the price of its retention.

You cannot find it with a lantern; that is not the way to look for it. It does not take kindly to the darkness—broad day light suits it best. We do not ask you to give us your confidence; we do ask you to give us a chance to earn it.

You may go much further and fare a great deal worse; no matter how far you go, you will fare no better.

Every purchase you make with us is an investment, not a speculation. Just as surely as you know what you are spending, you know what you are getting—there is no uncertainty about it. You have heard of sharp bargains and so have we. Most of them are so sharp they cut the buyer.

Delusions do not last long; full value for value received is what we give, and those who try to get more usually wind up by getting less. Give us your custom and we will earn your confidence.

G. A. R. CLOSING DAY

A Number of Special Committees Report.

QUITE A VARIETY OF BUSINESS.

An Amendment to the Rules and Regulations Adopted—The Per Capita Tax Reduced to Two Cents—The National Council of Administration.

DETROIT, Aug. 8.—At the opening of G. A. R. encampment yesterday the first business was the report of the committees on John A. Logan and Phil Sheridan monuments. Logan monument fund now reaches about \$65,000, and is closed. For the Sheridan they have \$50,000 in hand.

Governor Oglesby, of Illinois, reported satisfactory progress for committee on memorial hall at Decatur, Ills. Reports of committees on adjutant general's and other officers' reports were approved.

Past Commander-in-chief Burdett, of Washington, presented reports on a variety of subjects, deprecating in particular the action of members in endeavoring to secure the influence of the organization toward any interference in matters belonging to the various departments of the government by the G. A. R. The same committee reported adversely on a communication from the Sons of Veterans, desiring closer connection with the G. A. R.

An amendment to the rules and regulations was adopted by which posts can change their locations by a two-thirds vote of the members. An amendment was also adopted permitting department encampments to be held as late as July 1. The amendment permitting the election of department officers in December was defeated.

The attempt to change the rules so as to read "Those who did not voluntarily bear arms against the United States" were entitled to membership of the G. A. R. was defeated.

The per capita tax, which had been established at three cents, was reduced to two cents.

The grand officers were then installed by Past Commander-in-chief Barth, of Philadelphia.

The new commander-in-chief, John Palmer, issued his first general order yesterday as follows:

ADJUTANT GENERAL'S OFFICE, DETROIT, Mich., Aug. 7, 1891.

General Order No. 1.

First—Having been elected commander-in-chief of the Grand Army of the Republic by the twenty-fifth national (silver anniversary) encampment held in Detroit, Aug. 6 and 7, 1891, I have accepted the trust imposed upon me, with the hope that the grand work of the order in which we are all engaged may be promoted under my administration.

Second—The other officers selected and appointed upon the staff will be announced in future orders.

Third—Till further notice, all communications for the adjutant general will be addressed to Rutland, Vt.

JOHN PALMER, Commander-in-Chief.

Woman's Relief Corps.

DETROIT, Aug. 8.—The Woman's Relief corps convention yesterday was occupied with committee reports. Officers were elected in the afternoon as follows: National president, Mrs. Sue A. Sanders, of Delaware, Ills.; senior vice pres-

ident, Margaret R. Wiggins, of Sabatha, Kan.; junior vice president, Mary Lyle Reynolds, of Covington, Ky.; treasurer, Amelia A. Cheney, of Detroit; chaplain, Miss Clara Barton, of Washington.

Our Flags Taken Down.
DETROIT, Aug. 8.—Great excitement prevailed in Windsor, Canada, yesterday evening. Citizens who have a leaning toward American principles and government decorated their places of business in honor of the G. A. R. celebration in this city. Minister of Militia Caron was telegraphed by Windsor loyalists who were wrathful because Canadians made so much of what they termed "d—d Americanism," and requested that he instruct the authorities at Windsor to remove decorations, flags, etc. This order was telegraphed to Windsor and the aid of Essex County Fusiliers had to be called upon. When Windsor Americans saw that the law was imperative and they must obey flags were removed, but not until several squabbles in which stones, etc., were hurled. The burg across the river is quiet now, and G. A. R. men who were billeted there by Detroit's committee have come on this side.

Preparing to Receive Palmer.
ALBANY, Aug. 8.—The joint committee of arrangements of the Grand Army posts in this vicinity met last night in Grand Army hall, and completed a program for the reception of Commander-in-chief General Palmer, on his arrival Monday. Past Department Commander Treadwell was chosen president of the committee. Past Commander Shoemaker, of Post 63, was elected marshal. The commanders of the several posts will meet Mr. Palmer at Schenectady. All the posts in this vicinity will be in line, and the citizens will be invited to join. Cannon will be fired, fireworks discharged and colored fires burned. Governor Hill will welcome Commander Palmer on behalf of the state. It will be a grand event.

Will They Leave the Order?
NEW ORLEANS, Aug. 8.—The action of the Grand Army encampment on the race question has created considerable stir among the white members of the order here. No action, however, will be taken until the delegates return, but Grand Army men here are strongly in favor of the four white posts, Joseph A. Mowen No. 1, T. O. How No. 3, Abraham Lincoln No. 4, and Custer No. 5 giving up their charters. They say that the other four white posts will follow. They will then form a social organization to which no one but whites may be elected.

DON'T CLAIM TO BE WIZARDS, But are Going to Test This Rain Business Scientifically.

FORT WORTH, Tex., Aug. 8.—On the westbound Texas and Pacific train Friday morning was a party of gentlemen composed of General Dyrenforth, general director of the work; Professor Myers and C. W. Casler, ballonists; Dr. Rosell, chemist; Paul A. Draper, electrician; George W. Curtis, meteorologist. These gentlemen are in charge of the experiments which the government is about to make as to the practicability of producing rain by the firing of explosives in the upper strata of the air. They were accompanied by Mr. Rannels, manager of the Nelson-Morris ranch at Midland, Tex., where the experiments will be made. The party had with them all the material necessary for producing all the rainfall needed if the experiments pan out.

STRIKE SPREADING In the Atchison, Topeka and Santa Fe Shops at Topeka.

TOPEKA, Kan., Aug. 8.—The strike of the 400 boiler makers in the shops of the Atchison, Topeka and Santa Fe railway here, is spreading to other departments. Thursday several of the blacksmiths struck in sympathy with the boiler makers. One of the engineers refused to take out his train for the reason that the boiler of his engine had not been inspected before being made ready for the run. If other engineers take this as a cue, the Santa Fe will have serious trouble. The boiler makers are striking for pay by the hour instead of by the day.

Victim of a Tarantula.
SEDALIA, Mo., Aug. 8.—While Samuel G. Williams, manager of the Union News company, was unpacking a box of pears Thursday which he had received from southern Texas, a tarantula leaped from the box and fastened its fangs in the end of the middle finger of his right hand. He threw it from him and the reptile was killed. In half an hour from the time he was bitten Williams began to get wild, and his pair was so great that it took three men to hold him. Three doctors are in attendance, but no hope is entertained of saving the man's life.

Girls Rescued from the Indians.
BOSTON, Aug. 8.—Calvin Page arrived here yesterday with his two girls, whom he recovered from the Chiute band of Indians, of Dakota, who held them captives for twelve years. Page, with his wife and children, settled in Dakota in 1876. They were all captured by Indians. Mrs. Page died from the shock caused by seeing her husband bound to a tree and the children were carried away. Page was released by cowboys and returned to Boston. Recently he received intimation that his girls were living and he journeyed to Dakota with the result of finding them.

NASHVILLE, Aug. 8.—Governor Buchanan has issued a proclamation calling an extra session of the legislature to convene Aug. 31. Twelve subjects are included in the call, the principal one of which is that of a revision of the convict lease system and the enactment of laws that will lessen the number of convicts thrown upon the hands of the state.
